'47-'48 has been the climax to the years of war and the return to peace. It has been a year of paradox and progress, of tradition and transition. EOS 1948 is a record of that year.

# *Dedication*

To Dr. Alfred I. Ludlow, in recognition of his many years of faithful and unstinting service, loyal support of University Institutions, and exemplary standards of American Manhood, this publication is respectfully dedicated.

## *Doc Ludlow*

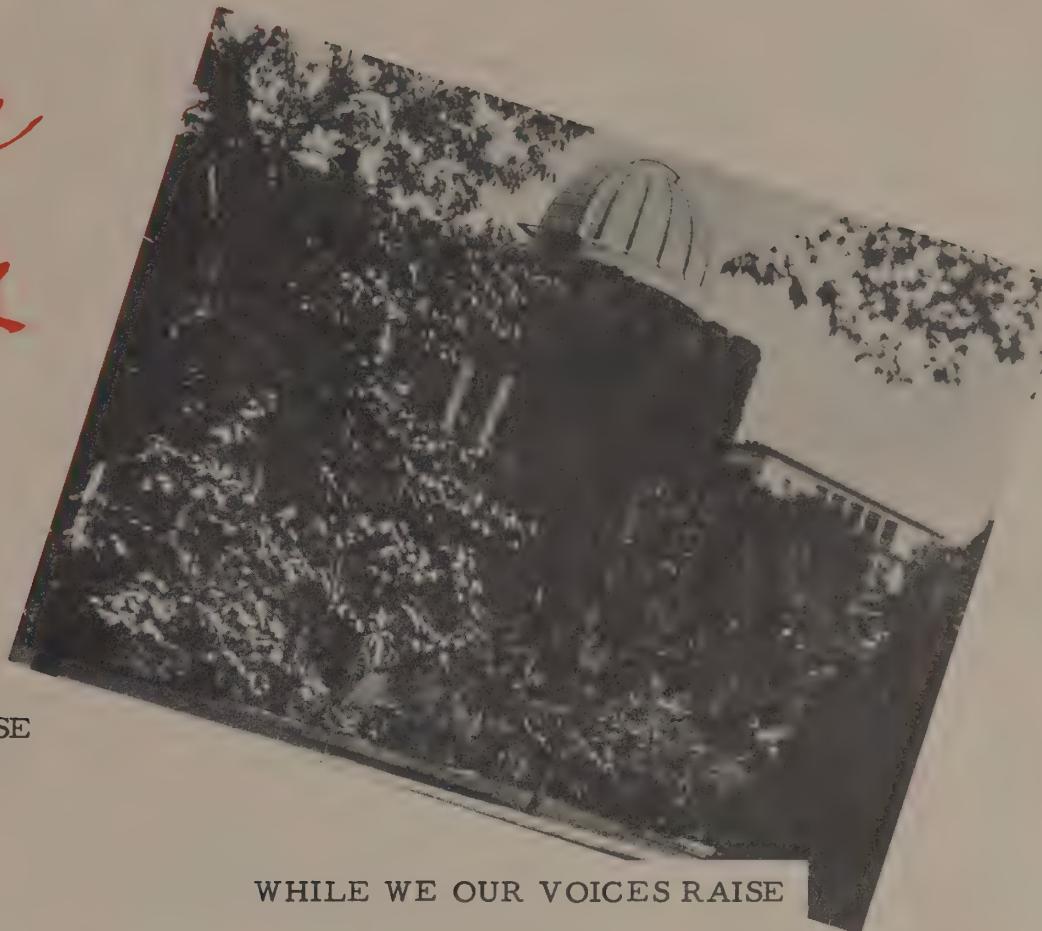

Known to all the students as "Uncle Pin", Dr. Ludlow has watched Reserve athletic teams come and go with varying degrees of success for more than fifty years. He is an alumnus of Adelbert (A. B., 1898) and the Reserve Medical School (M.D., 1901). "Uncle Pin" starred on the basketball court and baseball diamond as an undergraduate. A booster of all "things Reserve" "Uncle Pin" attends all Reserve contests whenever possible. He is making up for lost time now, since he was away from Reserve for 26 years while serving in Korea. "Uncle Pin" reports to most of the practice sessions of all the athletic squads and knows the players as well as the coaches do. "Uncle Pin" is also an active member of the Western Reserve Board of Trustees.

# *Seasons*

The changing seasons mirror the ever changing action on campus. They record the poignant tracing of day by day living experiences that have quickened our pulses and will flavor our tomorrows. They are the refreshment of college days that will long be remembered and not be forgotten in a steel filing case like the cold bloodless account of letters and symbols.

# Rogues

Originally the staff of Eos had decided to set this section aside for the outstanding students leaving Reserve this year. However, since there were so many fine leaders and winners of honors, the staff decided only to picture those few who the photographer could catch in one day.

# *Personalities*

The post-war educational trend has necessitated a larger faculty, a more centralized system of administration. It is up to the officers of the Administrative department and the members of the faculty to meet this problem and insure a successful year by making it possible for the students to pursue their daily college life without unnecessary interruption and confusion. Presented on these pages are the men and women who have handled this job with the efficiency and speed that insures Western Reserve University its high place among all universities.

DR. WINFRED G. LEUTNER

DR. WINFRED G. LEUTNER, PRESIDENT OF WESTERN RESERVE UNIVERSITY SINCE 1934, was born in Cleveland, Ohio in March 1897. He was graduated from Adelbert College of Western Reserve and received his A.B. in 1901. He received his Ph.D. from Johns Hopkins University in 1905, and his L.L.D. from Wittenburg College in 1935.

Dr. Leutner was Instructor in Greek, Adelbert College, Western Reserve University, 1903-04; Acting Professor of Greek, 1905-06; Assistant Professor of Greek and Latin, 1909-15; Professor of Greek and Latin, 1915-35; Dean of Adelbert College, 1912-25; Acting Secretary-Treasurer, Western Reserve University, 1917-18; Acting Director, Cleveland College, Western Reserve University, 1925-34; Acting President, 1933-34; President, 1934-

Dr. Leutner recently announced that he will step down from the Presidency of Western Reserve in June of 1949. He was one of the guiding figures in the University's program of adult education which crystallized in 1925 with the founding of Cleveland College. Less than a year ago Dr. Leutner announced a \$20,000,000 expansion program for Reserve which is designed to enlarge the physical size of the campus as well as to improve the present instruction facilities. He estimates that it will take at least ten years for the expansion program to be completed.

Dr. Leutner has the distinction of being the only President in Reserve's history who has graduated from Adelbert College, and the only Reserve President who has not had an education in theology.

## WINFRED G. LEUTNER

Dr. Winfred G. Leutner became president of Western Reserve University in 1934. Prior to that time he attended Adelbert College, receiving his Ph. D. degree from Johns Hopkins University in 1905, after which he journeyed to Rome and Athens where he continued his studies. He became Instructor in Greek at Adelbert in 1903. Dr. Leutner has received LL.D. degrees from Wittenberg, Wooster, and Oberlin Colleges. A member of Phi Beta Kappa and Beta Theta Pi fraternities, Dr. Leutner also appears in "Who's Who in America". An all-around athlete, Dr. Leutner specializes in swimming, fishing, and walking, and in his quieter moments may be found reading a current novel or working in his garden.

WEBSTER G. SIMON

Dr. Simon has been Educational Vice-president of Western Reserve University for the last eight years and Dean of the Faculty of Arts and Sciences since 1936. He received his A.B. and A.M. degrees from Harvard but went to the University of Chicago for his Ph.D.. At present Dr. Simon utilizes his vacations and spare time with traveling and gardening; in addition, he is an active Harvard and University of Chicago Club member.

EDWARD A. BLYTHIN

Mr. Blythin, former mayor of Cleveland, is now Financial Vice-president of Western Reserve University. He took his LL.B. at Baldwin Wallace in 1916 and his LL.D. at the Cleveland Law School in 1940 before coming to Reserve in his present capacity in 1943. Mr. Blythin's hobby of collecting clocks is equaled only by his interest in politics.

LEONARD MAYO

Dr. Mayo, Dean of the School of Applied Social Studies, has been recently appointed Vice-President In Charge of the University Building Program which will result in a fifty million dollar university group within the next ten years. Active in social and welfare groups, he is president of the Child Welfare League of America and the National Conference of Social Work. Although Dr. Mayo is one of the busiest men on campus he still finds time to play golf or bridge whenever the occasion arises.

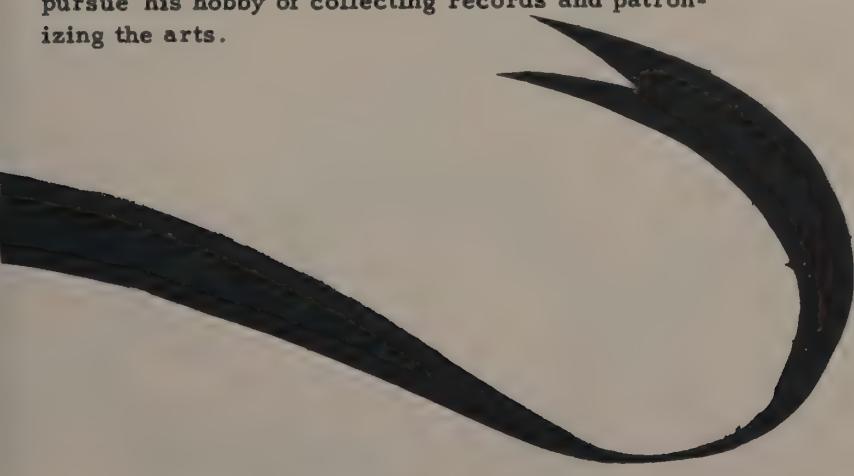

Dr. Jones was appointed Dean of Adelbert College in February 1947. He received his A.B. degree from Emory University in 1921 and later went to Harvard University where he received his M.A. and Ph.D. degrees by 1927. Dean Jones, an enthusiastic sports fan, can sometimes be found playing tennis or doing some horse-back riding on one of the local bridle paths to keep in shape for foxhunting, his secret passion. Students know him as the "Bearer of Gifts".

Dean Bunge assumed her present position as Dean of the Francis Payne Bolton School of Nursing in 1946. She received her B.A. and Certificate of Graduate Nursing by 1930 from the University of Wisconsin. In 1936 she attended Teachers College of Columbia University where she received her M.A. degree. Dean Bunge is a member of Phi Beta Kappa, Theta Lambda Tau, and Alpha Kappa Delta, an honorary sociological society. Dean Bunge likes listening to music and she is also a horseback riding enthusiast.

Dr. Griffin assumed the position of Dean of Men in 1945. During the war he left his post as Assistant Dean of Adelbert to serve with the U.S. Navy. After receiving his Bachelor's degree from Hillsdale College in Michigan, he took his Ph.D. at Western Reserve University. His duties comprise the counseling of all the men of the colleges on social, financial, and personal problems and the supervision of all extra-curricular activities. Although these activities are time consuming, he is able to pursue his hobby of collecting records and patronizing the arts.

WILLIAM P. JONES

HELEN L. BUNGE

RUSSELL A. GRIFFIN

FRANCIS R. BACON

ARTHUR P. WYSS

EDWARD T. DOWNER

Dean Bacon of the School of Architecture received his B.S. degree from the University of Pennsylvania in 1911, and his M.A. in 1913. Prior to 1929, when he assumed the position of Dean of the Western Reserve University School of Architecture, Dean Bacon served as Assistant to the Dean of the School of Fine Arts of the University of Pennsylvania and as Director of the Cleveland School of Architecture. Throughout these years, his major interest, travel, has carried him throughout most of Europe. Anyone interested in dragging skeletons out of the family closet might consult the Dean, for he delights in genealogical research.

Dean Wyss of the School of Pharmacy took his present position in 1945 after serving as Head of the Department of Pharmacy at the University of Buffalo. Other laurels were achieved at the University of Colorado where he received his Sc.B., M.S., and Ph.D. degrees. His favorite pastimes are fishing, hunting, dancing, and gardening. He has done extensive research both in pharmaceutical and food chemistry, and is the consulting pharmacist for the Meyer Memorial Hospital in Buffalo.

Mr. Downer received his A.B. degree from Adelbert College in 1917, and returned to Adelbert in 1920 as Registrar after serving as a sergeant in World War I. In 1927, he became Registrar for Cleveland College, which position he held until 1943, at which time he went to work for the Educational Service of the OPA. He returned to Western Reserve University in September, 1945, as Registrar. A man of diversified interests, Mr. Downer actively participates in the Civic Club, and enjoys politics as a game, but derives his principal pleasures from taking extensive trips and working in his garden.

Counselor on Admissions, David H. Roberts II, is also a Lecturer in the Psychology Department. He is one of the few members of the Administration who has received both his A.B. and his A.M. degrees from this University. He prefers to spend his leisure time skiing, playing the piano, horseback riding, and home planning. He is quite adept in his avocation of futuristic automotive design, consistently keeping two to eight years ahead of the field itself.

Mrs. Stewart, alumna of Mather College, now serves as Assistant Registrar of the University. For three years prior to assuming this position, she acted as Registrar of Adelbert College. When Mrs. Stewart isn't evaluating credits or cutting registration red tape to a minimum she finds time to play the organ for friends of the family. Every noon she lunches with Dr. Stewart, a valued member of the University Department of History and ODK fraternity.

Reverend Nostrand received his Bachelor's Degree, Magna Cum Laude, in 1934 from Amherst College. After studying at the Union Theological Seminary, he was graduated with the degree of Bachelor of Sacred Theology in 1938. Before entering the United States Navy as a Chaplain in 1944, Rev. Nostrand was Assistant Rector of St. Luke's Church, Montclair, N.J., and Rector of St. Elizabeth's Church, Ridgewood, N.J.. Rev. Nostrand's interest in music has made him a capable violinist and pianist. His other hobbies are reading, dancing, and writing short stories.

*Class of '48*

Graduation for the Class of '48 is both an end and a beginning. It is the end of the years of undergraduate life - confused and hurried years of the march away to war and of the joyful return to peace and the classroom. But it is also the beginning - the beginning of the test period when the years of study and examinations will prove their worth, for some in the worlds of science, business, and art, for others in the various professional schools. No matter what path these graduates take, Western Reserve University will have a large place in their background for living.

# *Underclassmen*

To the underclassmen falls the task to carry on the traditions of Reserve. In these troubled times education and clear thinking will yet produce a world of peace and it is here that the future leaders are being trained. By the spirit and drive shown thus far we can expect a fine showing and the successful completion of this goal.

# *Honoraries*

Growing out of the undergraduate social fraternity system have been the national honoraries of the American collegiate scene. For the most part these groups have taken greek letter names as had their social fraternity predecessors. The principle purpose of most of these honoraries is to show recognition for scholarship, leadership, or outstanding achievement in all or certain special fields. However, some honoraries feel they should also justify their existency by service to school and community.

# OMICRON DELTA KAPPA

Initiates of Omicron Delta Kappa are wont to believe that they have been honored as much as if they had received membership in Phi Beta Kappa. The reason for this is that ODK recognizes achievement in extra-curricular fields as well as scholarship, while Phi Beta Kappa is limited to the field of scholastic achievement.

However, in addition to being merely a society formed of those who excel in such fields as athletics, journalism, scholarship, debate, music, dramatics, and student government, Omicron Delta Kappa strives to take a very active part as a group, in furthering the glory of Alma Mater.

The Annual Turkey Day Dance and extras for the football game held in conjunction with Case Blue Key was a huge success as usual. This year there were two tappings, one in the fall and the other at Honors Chapel on Campus Day.

## RHO CHI

Rho Chi is an honorary society for the promotion and advancement of the Pharmaceutical Sciences, scholarship and good fellowship. There are seven members now on the Reserve Campus including three students and four faculty, of whom Dean Wyss is one. The society has been working hard to assist in the plans for a new pharmacy building.

*Life*

College is more than classes and exams and term papers. It is more than grades and professors and half-mile dashes from Pierce to Mather. It is also the people you meet and know; it is the bull sessions over a brew at Moe's. It is Homecoming and Campus Day and a hundred other parties, dances, and rallies. It is even the yellow rocket running through the middle of the campus. And it is the girls you date and pick for queens and - some of them - marry.

# QUEEN

BETTY KINNISON

The 1948 queen, Betty Kinnison, is a beautiful, five feet two inch brUNETTE. A graduating senior, Betty, has been active in the Frances Payne Bolton Student Council, Residents Choral Group and Caprons. Last spring she was a very close second over the All-University Voting to second year Betty won the W.S.S.F. Carnival. This test, which featured seventeen candidates, and was judged on the basis of beauty, figure, charm, and personality. While at Reserve Betty has proved herself to be a good leader. She was Vice President of the School of Nursing Student Council. Betty is now completing her nursing course in a Virginia Veteran's Hospital.

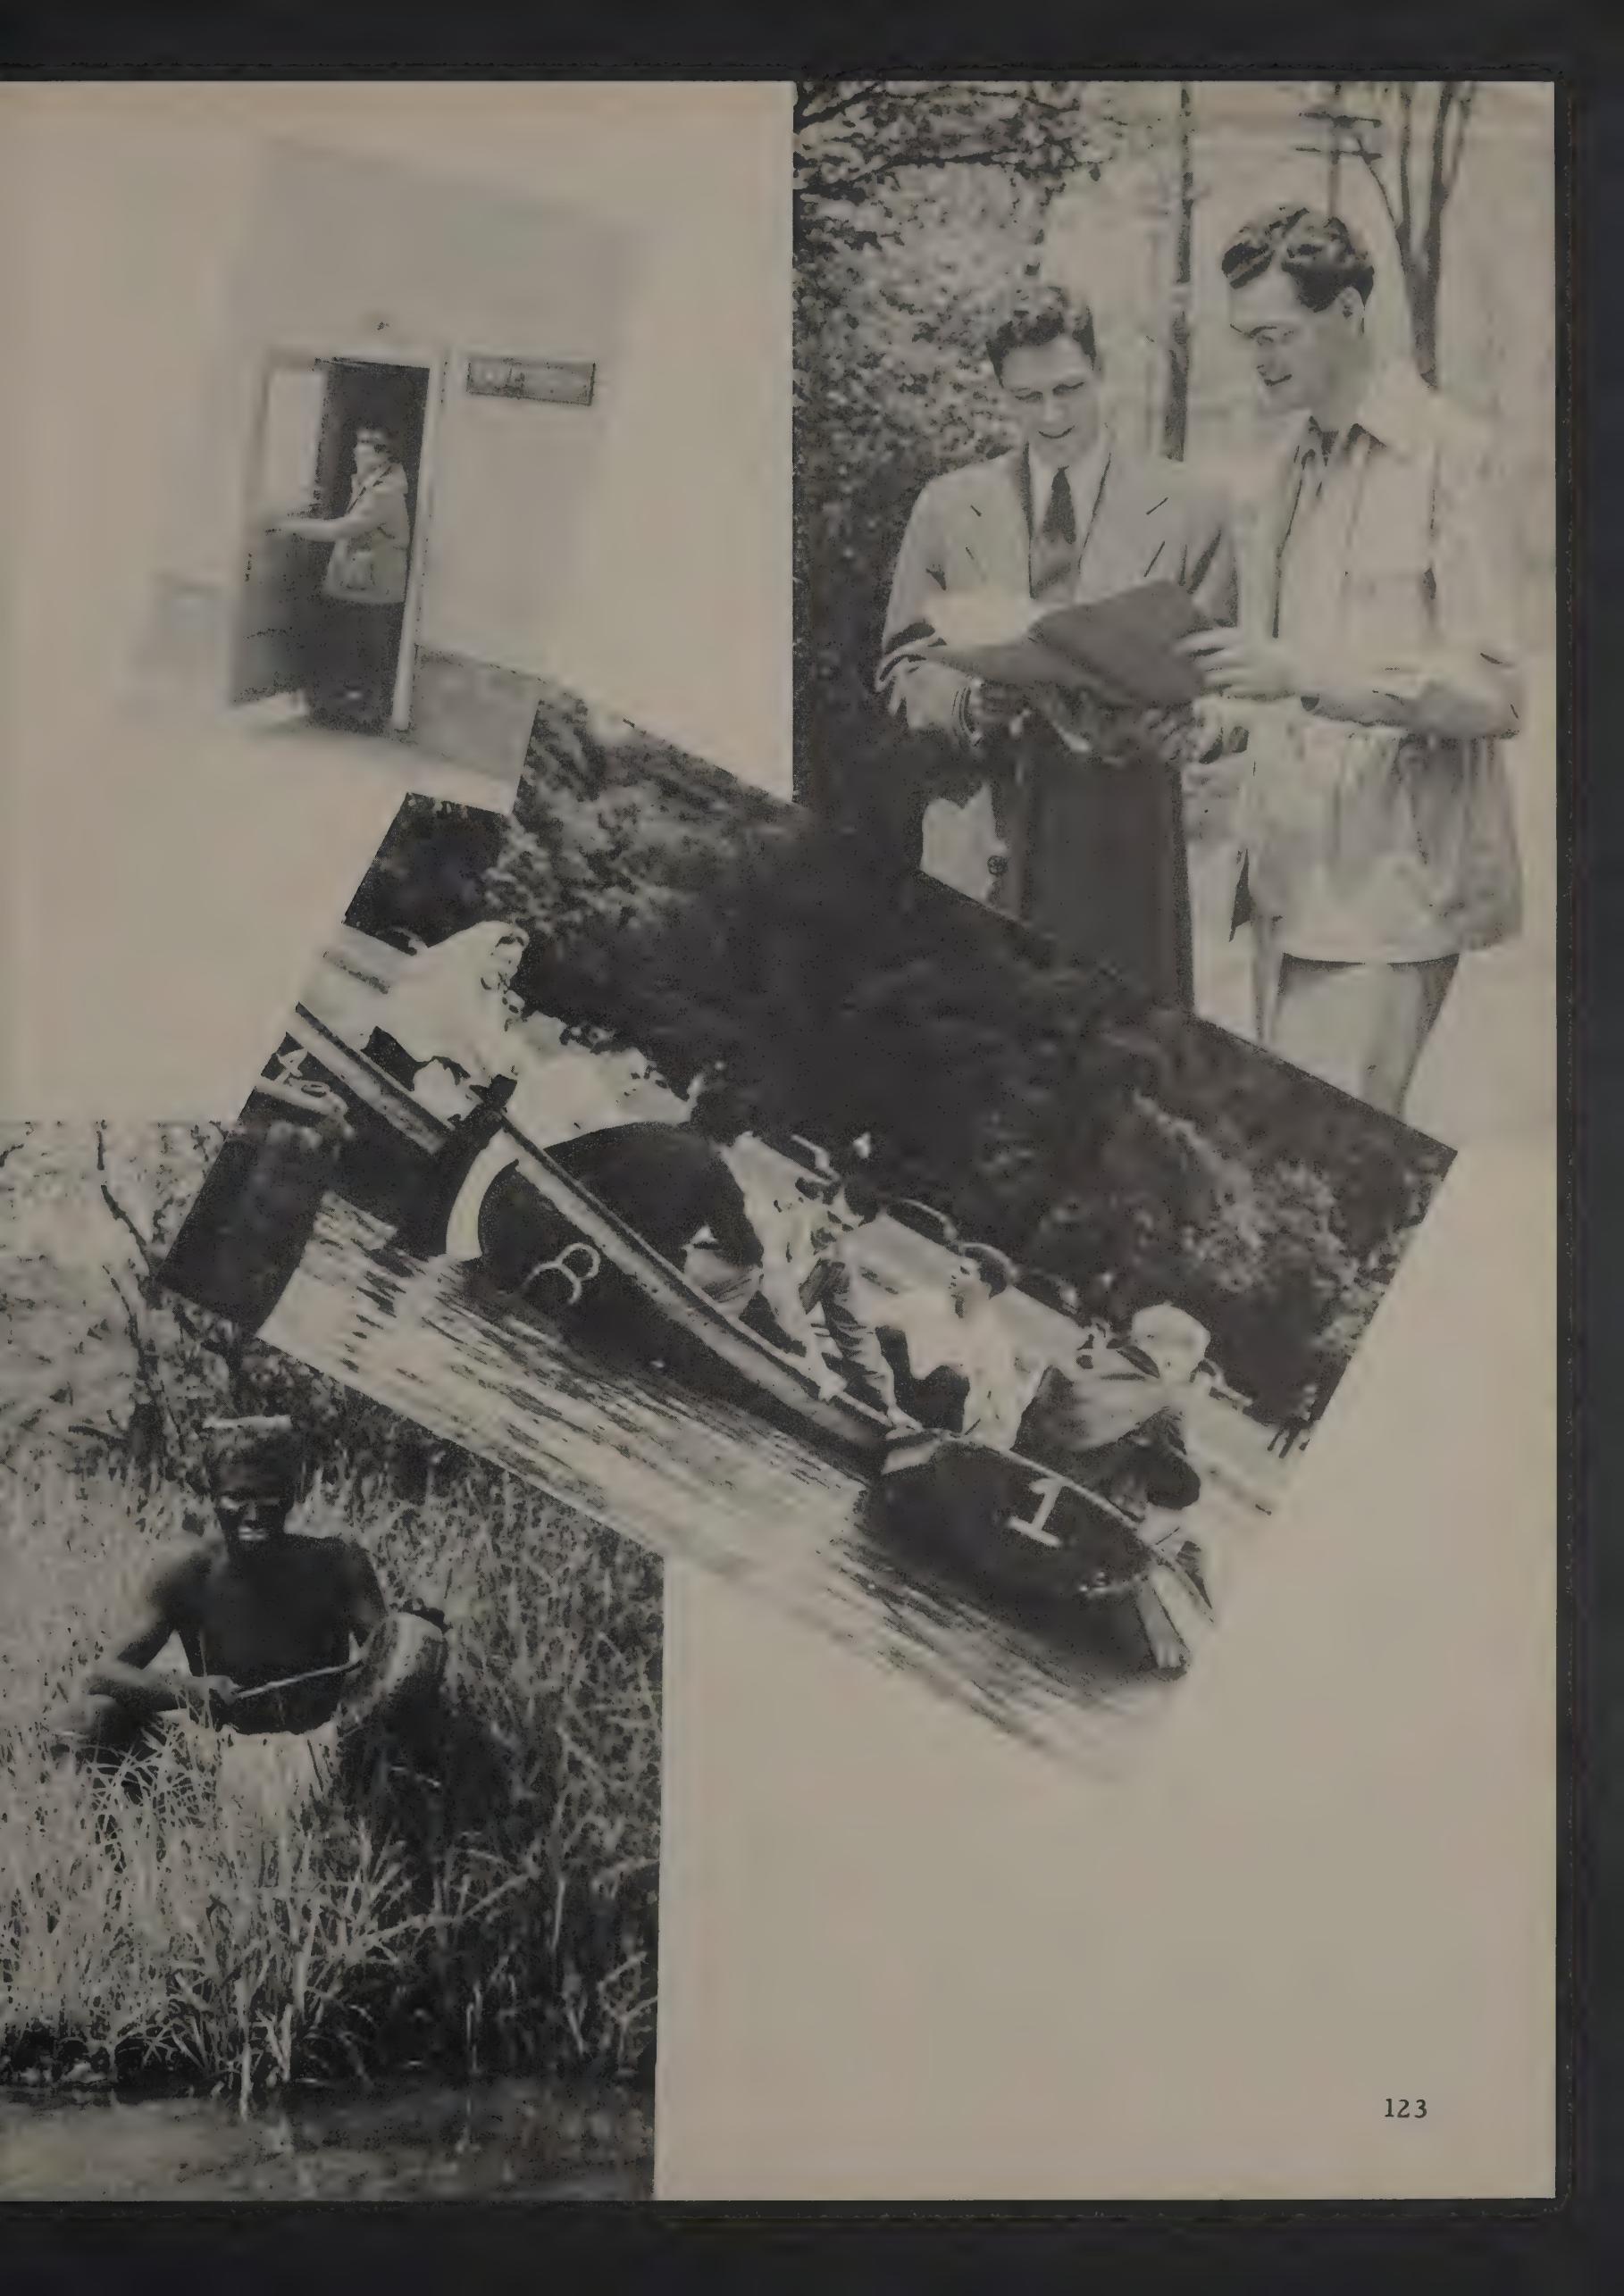

## QUEEN

### VIC DELANEY

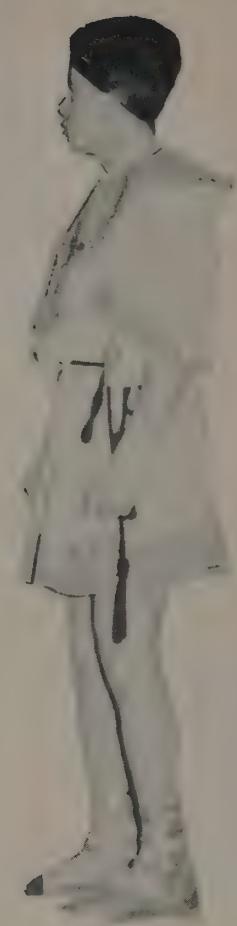

Captivating, blonde, Vicky reigned over the 1946 Inter-fraternity Dance. A former Matherite, Vicky, was the only queen to rate a page in Adelbert's Minaret. She is easily recognized on campus by her sparkling personality and stout sense of humor. Now a Junior in the School of Nursing, Vic is from Youngstown. Her favorite hobby is doing things for others so her name appears on most committees. Vic is one of the more prominent members of the Frances Payne Bolton Student body. She is now President of the Student Council.

# Activities

Often has it been said, and yet will bear repeating, that one gets out of a thing only what one puts in. A man's college career can be what he makes of it. If he desires to use these years for character building as well as for education he finds ample opportunity in the many types of extra-curricular activities offered to him. By serving others through these mediums he builds himself.

The Isabel Hampton-Adelaide Nutting club was formed by the advanced professional group of the Frances Payne Bolton School of Nursing to further friendships among the students and to provide social and cultural opportunities for all.

Meetings are held on the second Friday of each month. The wide range of possible activities permits a stimulating variety of programs. During the past year the program has included book reviews, card parties, lectures on political and social issues, a style show featuring the new look and a musical. This spring the club sponsored the Graduate School Dance and a Clothing Drive for the nurses of the Florence Nightingale School of Nursing in Bordeaux, France. The Bordeaux School is a living memorial to American nurses who have given their lives in the service of their country.

The YMCA Cabinet is a collegiate service organization affiliated with the local, state, national and international YMCA. Its program includes helpful assistance to incoming Freshmen; promotion of understanding between Faculty and student; and the advancement of the high ideals of the Y.M.C.A.

In executing this program the Y-Cabinet carried out numerous functions including that of bringing prominent speakers to Reserve. It aided in Freshman orientation through publications dealing with Reserve songs and cheers, fraternities on Campus, and list of extra-curricular organizations and activities. It was instrumental in the Community Fund Drive on Campus and aided the World Student Service Fund as well as other philanthropic and charitable organizations.

The high spot of the social calendar was the annual Valentine's Day dance, held in conjunction with the Mather Y-Dub.

## NEWMAN CLUB

This year the Newman Club assumed a greater importance on the Reserve campus. In line with furthering their ends which are "to deepen the spiritual and enrich the temporal lives of its members through a balanced program of religious, intellectual and social activities," the Newman Club purchased two houses, to be known as Newman Hall at 2099 Abington Road.

Reverend Father Hallinan assisted by such able people as Bob Hartford, John Olatta, Pat Moran, Cathy Hayes and Andy Putka, organized social and religious programs for the hundred members. The social highlight of the year was an Inter-collegiate Stunt Night. In addition to bi-weekly meetings, the Club held monthly cake dances. Speakers and lecturers visited Newman Hall as guests and the Newman Club participated in I. R. C.

## CAMPUS CLUB

Campus Club Executive Council: C. Sosinski, M. Massey, R. Fleming, R. Yaroschak, E. Kansky, A. Levine, T. Quinlan.

Long inactive, the Campus Club this year went under a reorganization from which it emerged as a new and potent force on campus. An organization of, by, and for non-fraternity men, the group works for the social, athletic, and political benefit of the Independents of Adelbert College.

The Campus Club basketball team took the university intramural championship this year under the guidance of Gene Kansky. A solution was found to the difficulty of finding an appropriate meeting

time by holding dinner-meetings at the university cafeteria. The second semester was featured by a concerted membership drive under the guidance of President Carl Sosinski.

Of great importance was the entrance of Campus Club into the new political party, Phalanx. This move, instituted by T. S. Quinlan, first semester president and club political director, was an attempt to insure adequate political representation for the Independent Student body.

The IFC of Western Reserve University consists of the representatives of sixteen undergraduate fraternities of Adelbert College and serves to co-ordinate the policies of these groups. The Council, serving as a spur to inter-fraternity harmony, promotes good will among the fraternities and encourages them to support school policies and functions.

This year the body sponsored the Annual IFC dance at the Tudor Arms Hotel. This affair was considered by many to be the highlight of a generally successful social season. For the first time in Reserve history a Greek Week was planned. It is hoped that the experiment will establish a valuable tradition on campus. The Red-Cat Review was also scheduled for a return.

The IFC also helped to make Homecoming and Campus Day, rip-snorting events.

Second row, L to R: Pembridge, Kramer, McKim, Kelly, Wolff, Capella, D. Roads, Farron, Abel, Steele, Griffen, Brennerman, Werman, Steffens

First row, L to R: Cunningham, Petto, Smith, Batteiger, Brizzoni, B. Roads, Loehr, E. Raymond, B. Raymond, Richardson, Wilke, Harvey, Jones

This year as usual it was the Booster's Club that pushed school functions and really made them click, as they supported all events social and athletic. Where there was school spirit, the Boosters brought it to a frenzy; where there was none the Boosters brought it into being.

It was the Booster's Club that sponsored the drive for girl Cheerleaders and finally got results. Numerous rallies were held throughout the year, reaching a climax in the big Pre-Case Game affair that drew an attendance of over five hundred loyal Reservites.

The Boosters aid to other campus groups was always timely and valuable. For their own social function, the Booster's organized the "Follies" which was a frolic fest for the entire student body.

# UNIVERSITY BAND

The Redcat Band that marched at the football games this year was the largest group of its type in the history of the University. With over seventy members and some very welcome new equipment and instruments, the band surpassed its previous high standard of performance and gave weekly demonstrations of playing and marching skill. Following the football season, the band became a concert organization and gave several outstanding concert performances on the campus and at Cleveland College.

The football season was climaxed by a Military Ball given by the combined bands of Baldwin Wallace, John Carroll, Case, and Western Reserve during the first week-end of December.

Enthusiasm among the members continues at a high level and gives promise of even better results next year.

Dust off the old sheet music--bring on the New Songs--for here is the nucleus which has revived the old traditional Adelbert Glee Club whose activities were so sorely missed during the war years. Under the capable direction of Associate Professor Russell L. Gee, the group has made much progress in breathing life into Adelbert's All Male Choral Group. Although no public appearances were made in the winter semester, an indirect contribution to the school spirit resulted directly from the activities of the singers themselves.

## UNIVERSITY ORCHESTRA

The University Orchestra, under the able direction of Assistant Professor Frank H. Grant, has, during this past year, placed special emphasis on the veritable wealth of musical literature which exists for strings only. This compact, well-balanced string group has confined its attention chiefly to the field of Chamber Music.

A considerable amount of string ensemble work has been undertaken by members of the orchestra with quite gratifying success. In conjunction with the University Choir, the orchestra presented, as a part of the Fine Arts Program, a January performance featuring the familiar Bach cantata, "Unto Us a Child Is Born". Numerous concerts were given in the Florence Harkness Memorial Chapel including those given by the University String Quartet which is composed of members selected from the group as a whole.

Present plans of the Orchestra entail the expansion of the present organization into a full symphonic group in the very near future with a fine String Ensemble included as a welcome complement.

The council aims to promote the programs of the Nursing School which is to prepare its students for the expanding opportunities in the fields of Health and Welfare. They try to help the student get a sound foundation in the skills, knowledge, and understanding in the palliative, curative, and preventative aspects of Nursing and to develop well-rounded persons by bringing the objects of the student in line with those of the courses through seminars, conferences, and other types of guided experience.

## ARCHITECTURE STUDENT COUNCIL

Third row, L. to R: D. Sampson, C. Patterson, A. Neiswander, W. Strough  
Second row, L. to R: P. Clark, R. Febo, L. Keller, H. Retzler  
First row, L. to R: D. Woodward, P. Hart, J. Brown

The Student Council of the School of Architecture performs all the normal functions of any Student Council, that is, acts as a liaison agent between the Student Body and the Dean. This year the Student Council fostered school spirit by co-operative work and also kept the students informed about events in the Architectural Field. They sponsored field trips, athletic teams, and, at the end of the year, the Senior Banquet for the entire school.

## ADELBERT STUDENT COUNCIL

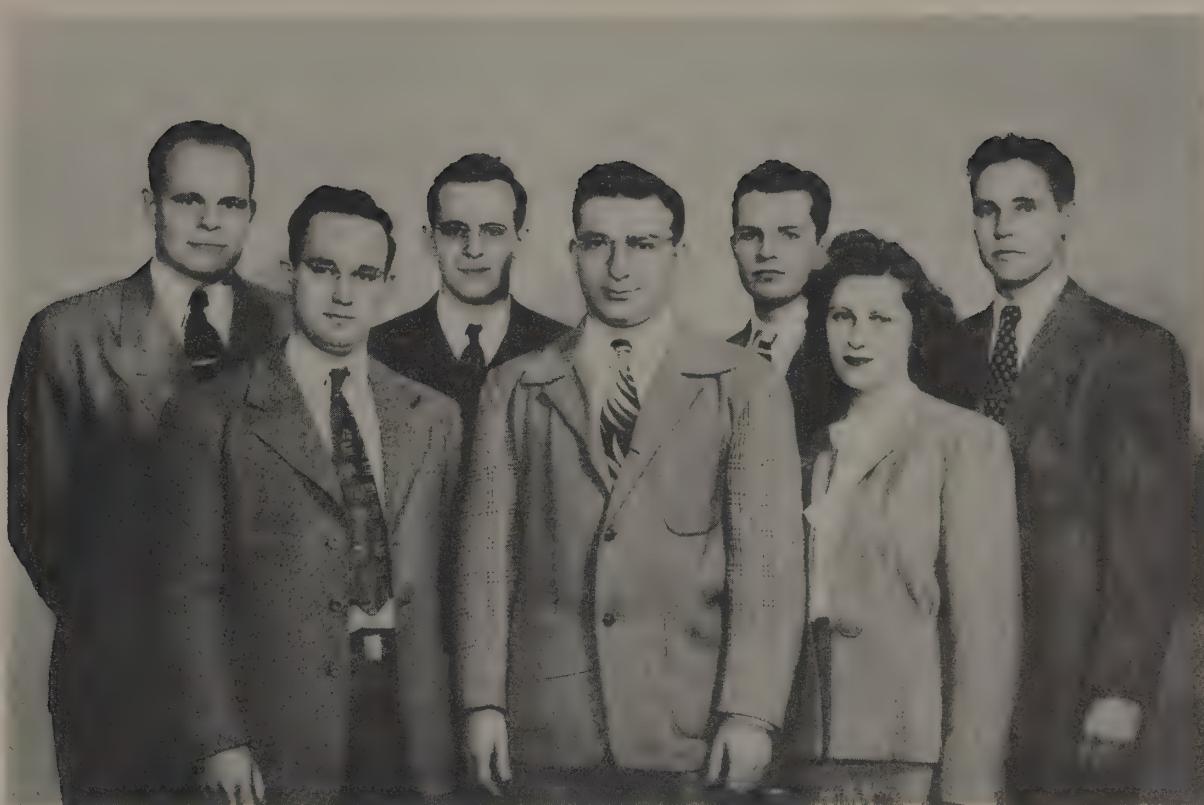

L to R: E. Angelo, D. Pembridge, R. Warner, W. Reimer, H. Winograd, A. Putka, J. Swinehart, D. Adams, M. Abel.

The Adelbert Student Council is an elected body of student officers which acts as a policy-making body on the campus. This year, under the new constitution, members of all recognized activities were invited to participate in meetings as non-voting members.

The council made appointments to all the campus publications, made out the college budget and handled many other problems confronting the student body. They sponsored the Homecoming activities, promoted an extremely successful Mixer Dance in the early part of the year and a dance at which the winner of the Beard Growing Contest was selected.

## PHARMACY STUDENT COUNCIL

To this Council falls the task of governing student affairs and presenting their views to the Administration. Thanks to the preceding council the school year was launched with a huge success, the Annual Picnic-Mixer at Squire Valleevue farm. The Christmas party was the other big social event of the year but the trip to Parke and Davis in Detroit was the high spot of the year in the estimation of the upperclassmen.

E. Angelo-President

The University Council, a new organization, is composed of two members from each school of the University except Mather. Its purpose is to co-ordinate University activities, raising the general level of school spirit and to act as a go-between between the student and the President of Western Reserve. Budgets and plans of the various schools are compared, suggesting valuable improvements to each. Among its concrete accomplishments was the joining of our schools to produce a yearbook.

This year the council sponsored All-Sports Nite, the big Red-Cat Dance, and the WSSF Carnival.

# *Greeks*

Now in its one hundred and seventy-second year, the Greek Organizations remain the most outstanding feature differentiating American and Canadian collegiate life from that of European colleges. Beginning as a literary and social club, the greek-letter organization has grown in power and prestige over its years on the American college campus. Ever devoted to building greater loyalty toward nation and alma mater, the greeks have taken the lead in developing manhood, brotherhood, and leadership in the youth of America's colleges.

# *Sports*

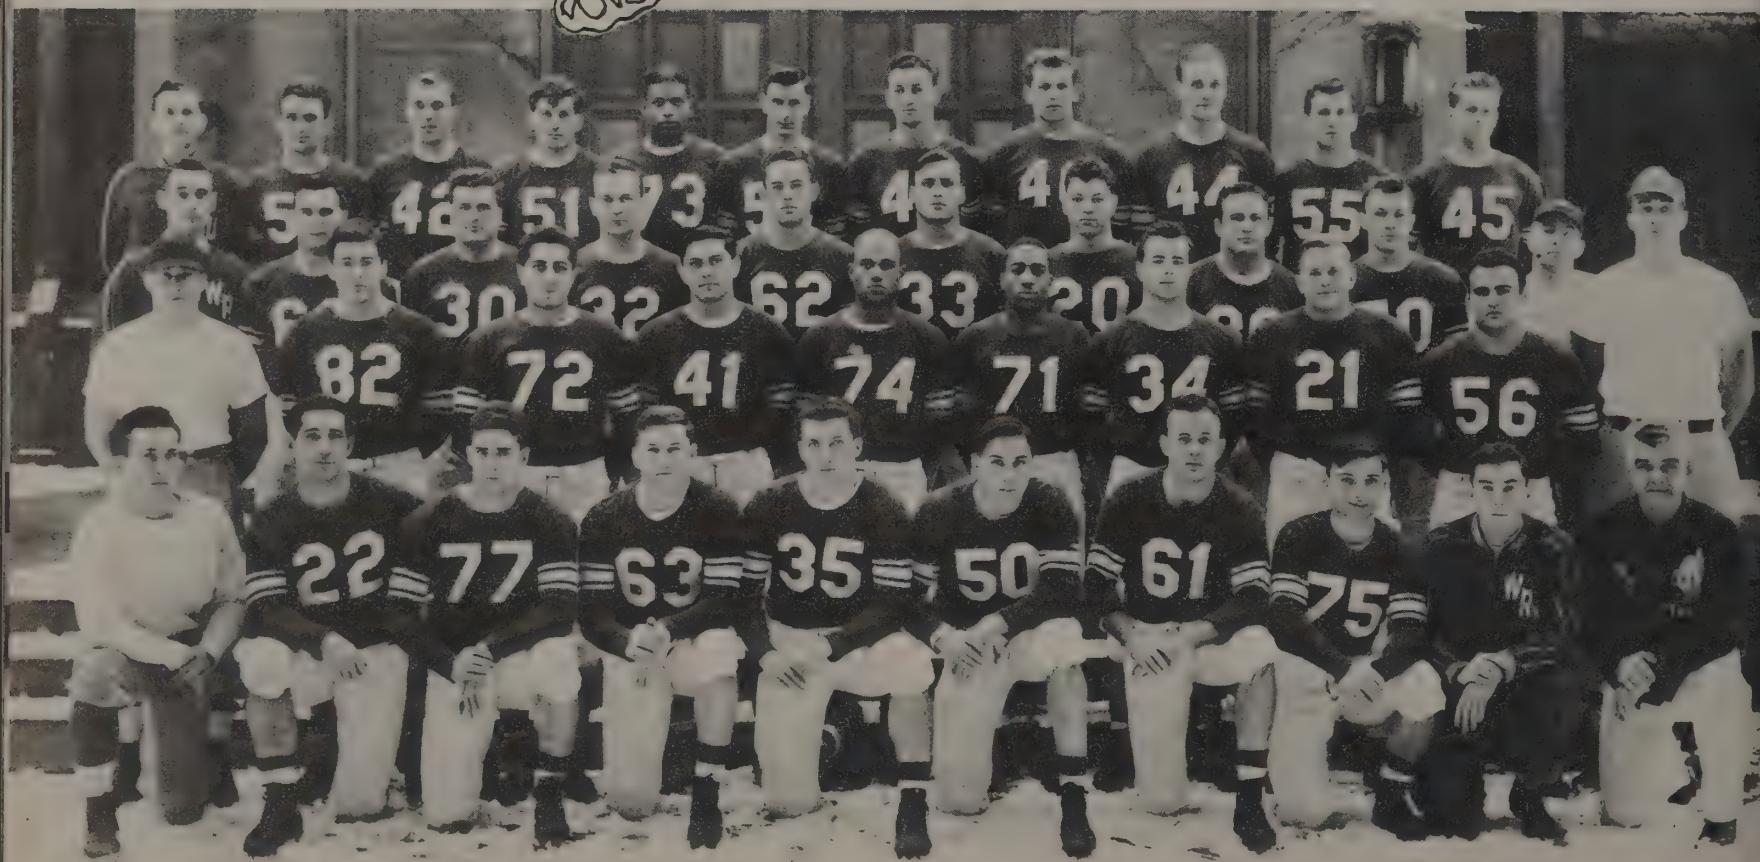

Few things in college life equal or surpass sports in excitement and color. '47-'48 at Reserve saw a revival of all sports, saw strong teams meeting strong opponents. On the gridiron, on the hardwood, on the cindertrack, the Red Cats made the year a full and exciting one - one that can take an honorable place in records of fame and glory.

# FOOTBALL

Improving steadily after a slow start, the Red Cat football team reached a peak against Cincinnati in a heartbreaking loss 7-6. The powerful Cincinnati grid machine has been a heavy favorite, but the Red Cats outplayed their foe in every department except the final score. Previously the Red Cats had upset favored Butler 6-0. The resurgence of the Red Cats began when they trounced the University of Akron by three touchdowns. Thanksgiving Day's 13-6 triumph over Case brought the 1947 football season to a close.

0 DUQUESNE 6

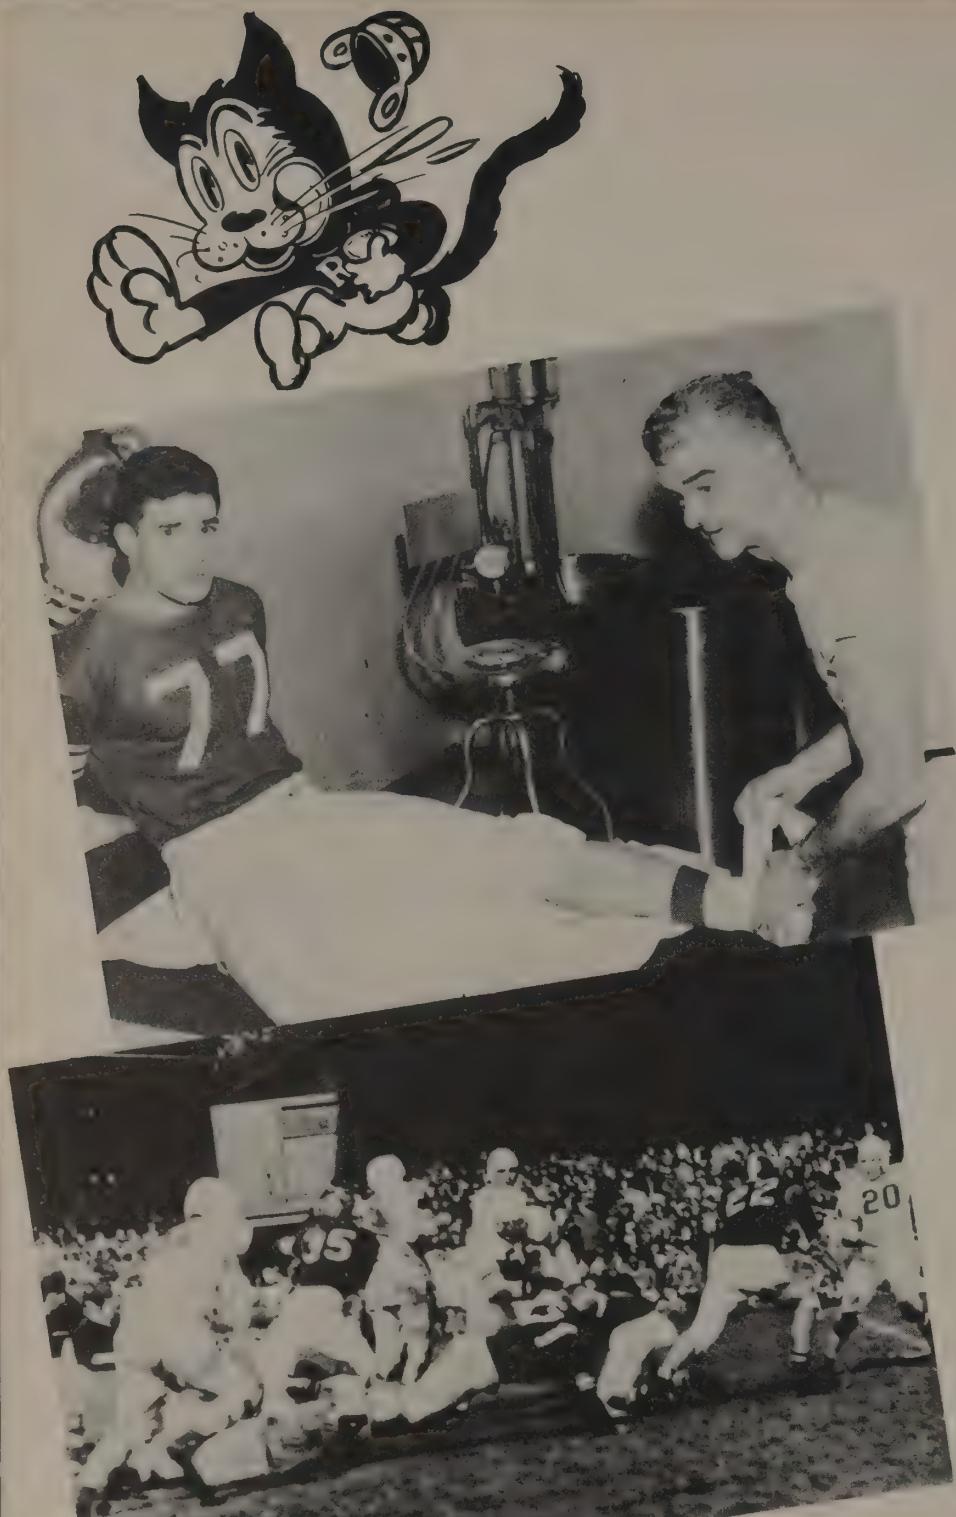

Western Reserve launched its 54th football campaign against Duquesne University at Forbes Field in Pittsburgh, Pa.

After a scoreless first quarter the Night Riders started a sustained drive from midfield with Vince Sundry and Walter Glamp carrying the ball over the goal line scoring the lone tally of the game.

Outplaying the "Dukes" throughout the second half Reserve's Red Cats, aided by the outstanding defensive play of veterans Paul Goll, George Roman and Cass Sisler, kept Duquesne intact throughout the remainder of the contest. However, the score rather than statistics pay off in football and the contest ended with Reserve on the short end of a 6-0 count.

Lahr evades Duquesne men

## 6 RUTGERS 21

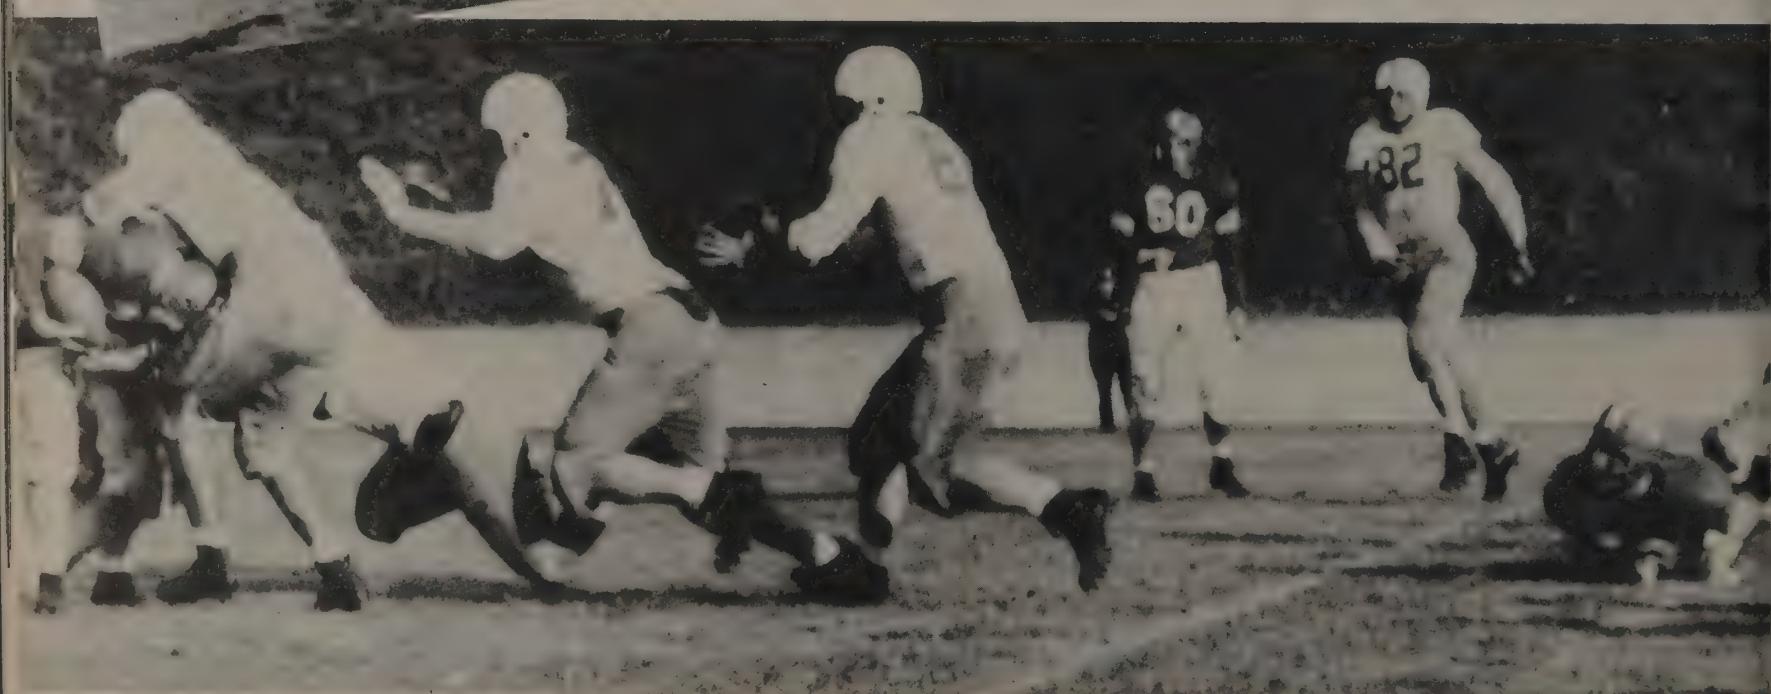

Western Reserve's Red Cats invaded New Jersey with the hope of derailing a powerful Rutgers eleven who were fresh from an impressive game against Columbia University.

Rutgers scored quickly on a thirty-yard pass from Frank Burns to Buddy Hatchett. Later John Soho cut off his own right tackle for a 60 yard run and a T. D.

Hatchett added Rutgers' third tally by virtue of a 15 yard end around play. W. R. U.'s Red and White suddenly came to life and climaxed a successful passing attack with Jim Mahon tossing the leather to Ray Stuckert for Reserve's first touchdown of the 1947 season. Rutgers led at half time 19 to 6.

Although Reserve's offensive failed to click, its defensive play in the second half was outstanding. Time and again Rutgers' football machine drove within the shadows of Reserve's goal posts only to be stalled by a hard charging Red Cat forward wall.

A safety, the result of a fumble by Warren Lahr in the end zone, terminated the afternoon's scoring and Reserve's second consecutive bid for national recognition ended--Rutgers 21-Reserve 6.

## 20 OHIO UNIVERSITY 7

Reserve's Red Cats made their hometown debut by playing Ohio University on the League Park gridiron. An expectant crowd awaited their first glimpse of the fighting Red Cats, wondering whether the Reserve machine was stalled because of stranger surroundings or whether they just were not up to pre-season forecasts.

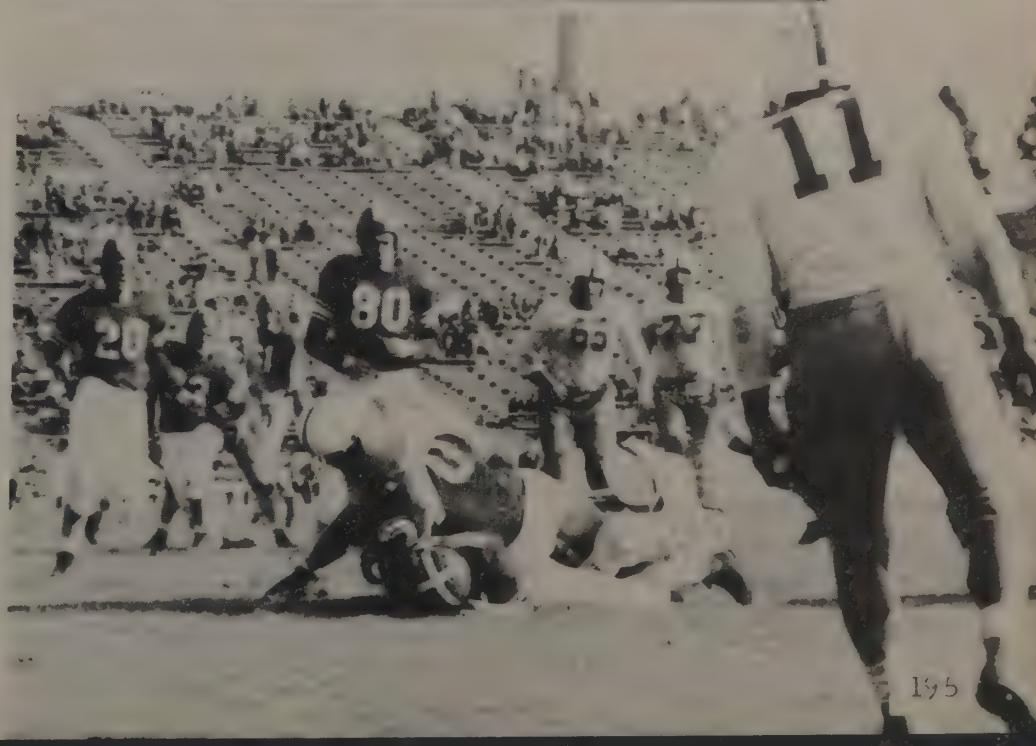

Constant overshifting by Reserve's forward wall proved costly during the final quarter with the Bob Cats taking advantage of the only scoring opportunity presented them as a result of King Brady's plunge from the half-yard line for the T. D.

Midway in the second quarter the Red Cats started a sustained march from their own 20-yard line with the aid of brilliant running by Len Corbin and John Franko only to be halted by a down on Ohio U.'s 30-yard line as the half ended.

Half-time's festivities sounded a historical note as feminine pulchritude became a new and integral part of Reserve's energetic cheer leaders.

Shortly after the second half began it became obvious that a spirited Reserve eleven was being opposed by an overconfident O. U. aggregation. The enlivened Red Cats finally showed signs of living up to expectations. Reserve's fast-charging line provided the necessary spark as Warren Lahr demonstrated his running ability by chalking up Reserve's first score. Len Corbin recorded the second tally a few minutes later. John Mannino concluded the afternoon's scoring by recovering a blocked kick in the end zone.

With both teams accentuating defense play, the fourth quarter proved a stalemate and Reserve's Red Cats were the valiant victors 20 to 7.

### 13 WAYNE 20

Gunning for their first win on foreign soil, the Red Cats journeyed to the Motor City to take on the Tartars of Wayne University under the stars.

Upon receiving the opening kick-off, the Tartars marched to the Reserve 7-yard line in seven consecutive plays and the out-of-town jinx gave incidence of remaining THE member of the Reserve traveling squad. The Cat defense suddenly stiffened, however, and Wayne lost the ball on downs.

Wayne drew first "blood" early in the second quarter when Nick Toth intercepted Ade Castilla's pass and scampered the remaining distance for the T. D. Hazely's kick made the tally 7 to 0.

With only a few minutes remaining in the first half Jim Mahon tossed the pigskin to Bill Mannino who proceeded to twist and spin 35 yards and pay-dirt.

Aided by two Reserve fumbles, the Rough Tartars continued to roll during the second half with both Dan Godhold and Ivey Peter's scoring T. D.'s.

Trailing 20 to 6, the physically battered Red Cat's aerial attack came to life. Rex Gaugh pitched consecutive passes to Leo Spann, Mannino and Ade Castilla who made the catch in the end zone. Mahon's place-kick concluded the evening's scoring.

## 6 BALDWIN-WALLACE 13

Hundreds of Reserve Boosters, having participated in a picturesque Homecoming parade, were listening to Bob Evens broadcasting the kickoff over their car radios as they entered the parking lots outside League Park.

Hecker lost no time in sweeping left end for B-W's initial tally. An intercepted pass on Reserve's 8 yard line set the stage for the Yellow Jackets second score as Treasel plunged  $2\frac{1}{2}$  yards over right tackle for the T.D. The conversion was good and B-W led at halftime 13-0.

A beautiful array of colors predominated as six convertibles carrying the Homecoming Queen and her attendants plus ten floats passed in review. Halftime festivities were culminated by a presentation to Eddie Finnigan.

Recovering a B-W fumble on the first running play of the third period Lenny Corbin twisted 12 yards for a touchdown a few minutes later. A punting duel accentuated the play the remainder of the contest.

18 AKRON 0

Migration was the theme--Victory was the mission as the Western Reserve University Red Cats moved into Akron's Rubber Bowl to challenge the University of Akron's Zipper eleven under the Klieg lights at the Rubber Bowl. It was Dick Luther's first assignment since he was appointed head mentor.

Although Frank Buhas spearheaded the Zipper offensive, he found the Red Cat's fast-charging, forward wall impregnable upon reaching the vicinity of the thirty yard line stripe.

Reserve's Red and White, led by fleet-footed Len Corbin with the aid of deceptive backfield of Warren Lahr and John Zwirch, ran roughshod around the ends and through center, displaying signs of consistency for the first time this season and ending Luther's debut in a blaze of glory as Reserve triumphed 18 to 0.

## 6 BUTLER 0

Butler Bowl, Indianapolis, Indiana was the scene of Reserve's second Mid-American conference encounter. Starting their second game under Coach Dick Luther, the Cats were prepared to display the same spirit and aggressiveness they showed in defeating Akron's Zippers the week previous.

Butler's Bulldog's ground attack gave the Red Cats an interesting afternoon but were unable to cope with the alert Reserve eleven. The Blue and Gold offensive led by Francis Moriarity penetrated Red and White territory on several occasions only to be repulsed by the head's up playing of Paul Goll, Bob Nolf, and Leo Spann.

The only score of the game came when Len Corbin took the ball on Butler's twelve yard line and hitting off tackle, twisted his way into the end zone. Corbin's score culminated a drive which started deep in the Cat's own territory.

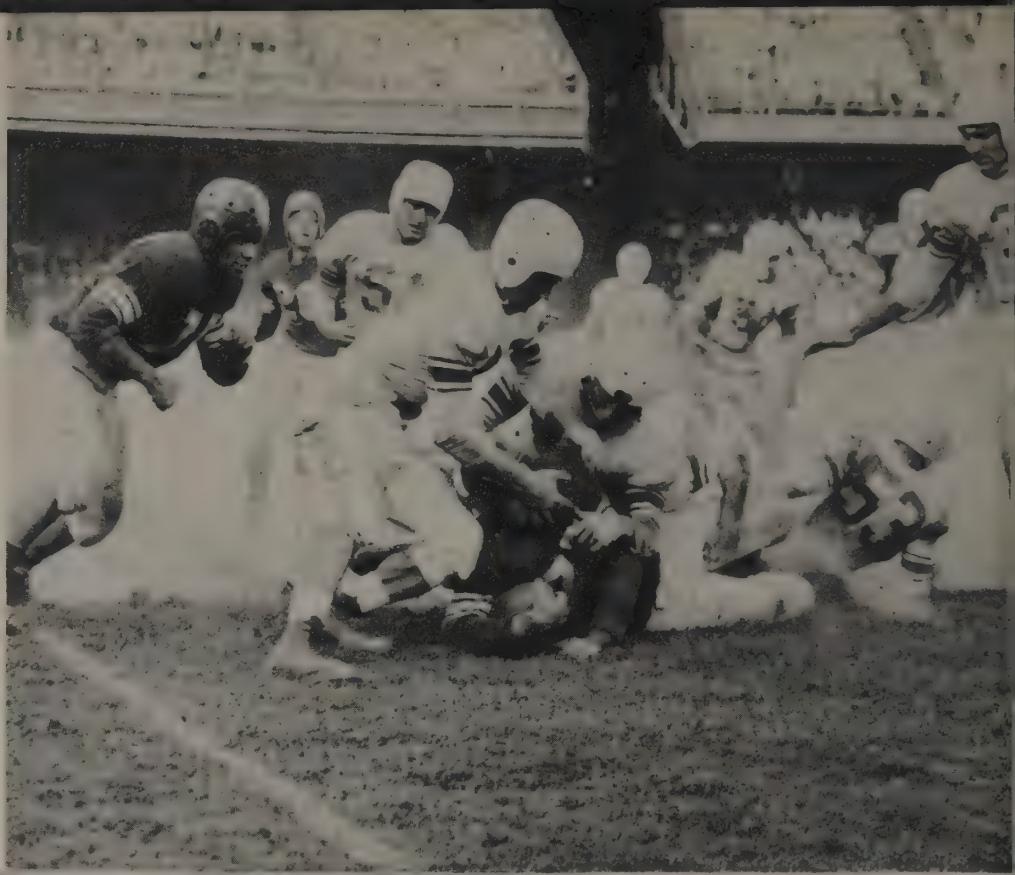

In the third period it was Moriarity who, carrying the ball all the way to the Reserve four yard line where Bob Nolf, recovered his fumble to end what proved to be Butler's final scoring threat, thereby clinching a Reserve victory.

Mid-American Conference Championship was at stake as Reserve concluded its Conference schedule by playing host to a Cincinnati U. powerhouse. The assignment, entitled "Revenge is Sweet" (last year's 7-34 loss), was witnessed by several Dads pacing the sidelines as a result of W. R. U.'s first annual Dad's Day.

A scrappy Red Cat squad refused to be weakened or disheartened by the advance "dope" of being the underdog and completely outclassed. It was a hard fought and bitterly contested game played on a soggy turf.

Warren Lahr carried the pig-skin into the end zone soon after the opening kick-off only to have his efforts nullified by an offside penalty.

Early in the second quarter Warren Lahr tossed a 14-yard pass to Dick Rutti for Reserve's initial score.

Repeated penalties thwarted Red Cat progress throughout the second and third periods.

Ray Stukert and Rex Gaugh, as well as every player on the Reserve team, played brilliantly.

It was not until the final gun had sounded that Reserve's followers realized that the Red Cat's unsuccessful conversion proved to be the margin of defeat. Although the record books read Cincinnati 7 Reserve 6 it will long be remembered as a moral Reserve victory in the hearts of every W. R. U. booster, for the stout-hearted Red Cats outplayed their foe in every tabulation except the final score.

## EOS GOES TO THE RESERVE-CASE GAME

Soon after the opening whistle, Nate Corbin swept Case's left end for a 45 yard run behind excellent blocking for the initial score. Slippery terrain proved detrimental to the running attack of both teams.

In the third play of the third period, Case stole the pigskin resulting in a first down on Reserve's 26 yard line. With the aid of an off side penalty, the Rough Riders later scored from the one foot line.

Mike Nesteruk, who played flawless defensive ball all season, paved the way for the Red Cats second T.D. by recovering a Case fumble on the Rough Riders 35 yard line.

### 13 Case 12

Memories of 51 previous games fought in the fierce but friendly rivalry came floating back to League Park Thanksgiving Day. The hopeful Rough Riders were seeking their first victory since 1927 amid the same excitement, cheer, and gay color which has prevailed at every Case-Reserve game since 1891.

Warren Lahr's accurate passing terminated in Franko's scoring. Roman's conversion was perfect, and the scoreboard read Reserve 13 Case 6 as the third quarter ended.

Case opened the final period by kicking out of bounds on Reserve's one yard line. By an exchange of punts, the Red Cats tried desperately to stave off a Case scoring threat; however Gerace plunged over from the three yard line for a touchdown. With only second remaining before the final gun, the entire crowd stood breathless as Case attempted the conversion. The try was unsuccessful and Reserve chalked up a 13 to 12 victory.

# BASKETBALL

A smart, fast, hardfighting Reserve quintet took to the hardwood December 6 against Buffalo and went on to overwhelm their opponents in a style indicating to observers that the Red Cats were in for a successful season. With Venetta, Shew, Bisson, Lesko, Cochrane, Lash, Garapic, and Berger leading the way, the enlivened Reserve team went on to win their first 8 games of the year. However, it became obvious at this point that the team lacked height.

Cincinnati U. came to town with one of the best clubs in this section of the country and snapped the W.R. U. 8 game winning streak. Their candidate for All-American honors, Al Rubinstein displayed beautiful floor play racking up a total of 21 points.

# BASKETBALL

The most exciting game of the season was played in the Cleveland Arena against Ohio University. With seventeen seconds remaining in the game Reserve led 57-56. As an Ohio player drove in toward the Reserve basket, he was fouled by Reserve's Winston Richie. Had the Ohio guard made the two foul shots, Reserve would have been defeated. However, the pressure was too great, he missed both shots, and Reserve emerged victorious 57-56.

Michigan State invaded our gym with a highly touted outfit. A scrappy Reserve team gave them quite a tussle before being defeated 65-57. This was the same Michigan State club that beat Michigan, the big nine champs, Notre Dame and lost to the nationally rated U. of Kentucky team by 2 points.

Thrills accented the Oberlin game. With five seconds remaining Reserve was trailing 56-54, when Bisson intercepted a pass and threw the sphere to Thomas who made a clutch basket tying the game. The gun went off immediately after the ball brushed the hoop and an overtime period was played. Reserve went on to win in spite of the fact that four of their starting five had fouled out.

Twin victories over Case were significant in this campaign. Reserve ran the score up in both games during the first half. The reserves played the remaining portions in order to give the Plumbers half a chance. Even the reserves proved too tough for the hapless technicians.

A victory over Miami U. brought down the curtain on a successful year. Although the team will lose Captain Bill Bisson, Winston Richie and its chief rooter and manager Art Begam, Coach Mike Scarry has a happy gleam in his eye, whenever he thinks of his prospects for 1948-49.
